PROFILE

Visual designer from Buenos Aires, currently at DEPT® designing for Google. Over ten years moving from editorial and brand work to large-scale campaigns and digital experiences for global brands — Google, Netflix, Chevrolet.

I build visual systems with a point of view: bold compositions, clear typography and images that people actually want to look at. From curious creator to full-time designer.

EXPERIENCE

now •
Senior Visual Designer · DEPT®
Visual design for Google — product pages, campaigns and digital experiences (Pixel, Pixel Watch, Fitbit, Google Skills).

2021 – 2025
Senior Graphic Designer · Media.Monks
